

About Joëlle Jelisa.

Joëlle Jelisa is a singer-songwriter, psychic, and founder of ĀNANDA the Label, a conscious label with an oracle deck, sessions and retreats.

Joëlle had quite a Rock & Roll upbringing, which made her see and live life in an unconventional way.

Due to this, she always felt like she didn't fit in and couldn't express her true self.

Growing up surrounded by incredible music from her grandmother's opera singing, to her parents' North Sea Jazz festival visits influenced her taste.

Artists like Michael Jackson, Earth, Wind & Fire, Chaka Khan, Eric Clapton, and Prince were early inspirations.

‘Energy is Rising’ single release 24.05.24

She has been singing, dancing, and performing since she was a child, facing insecurities about finding her voice. In 2020, she began a journey of self-discovery, connecting with energy, vibration and herself.

Embracing her authentic voice became a priority, leading to a realization in 2023 when she wrote songs reflecting her dreams and encouraging others to face their fears and empower them through her words and energy.

Her R&B/Soulpop music tells her story, aiming to inspire others to pursue their dreams despite insecurities.

While Joëlle sang covers her whole life she always knew she wanted to release her own music.

February 2022 she invited Synga Music, a super talented singer/songwriter from the Netherlands to co-write with her.

In 4 days they wrote 4 songs. They experienced flow and inspiration. A month later Joëlle asked her again and they wrote another 4 songs.

2024 will be the year Joëlle will be releasing her own songs for the first time.

'Energy is Rising' will be the first single, followed by 'Let's Get Lifted'.

Joëlle loves to write, co-create and tap into the field of inspiration. You can also book her for writing sessions.

'Feel it coming
Take it all in
Break your chains
and let it go
You deserve it all
Energy is Rising'
